I have been a customer of Mang Ramon for almost 15 years. He is very passionate about his work and it translates to the quality of his service. Now with the help of his children, Benzland is still my go-to shop for anything and everything Benz.

Bought a part from them recently. Good price on items and they have stocks of parts not available from popular shops in Eastwood or Banawe.

I've ordered twice from this shop they both cater oem and aftermarket parts for my vehicle. The parts they provide is generally high in terms of quality. Whether you need parts for maintenance or for more complex repairs they've got you covered. Customer response is also at par among others. Kudos to the team and keep up the good work. 🙌★★★★★

This Benz shop is worth visiting and trying for your MBenz autos. When faced with problems of any sort, I come from Batangas City to have my Benz A180 repaired at this shop and I come home very satisfied because from the Chief Mechanic down to all the staff and crew, they are all very professional and the amount of payment is very reasonable.
Thank you Benzland!
